The American Army Under General Shafter is Within Four Miles of the Doomed City.

SAMPSON CONTINUES HIS BOMBARDING.

THE FINAL BATTLE MAY OCCUR NOW AT ANY TIME.

Scripps-McRae Service.
CHICAGO, June 25.—Special to the News.—General Lawton's advance guard is marching to Castella, which is just four miles from Santiago, today.
General Linares, the commander-in-chief of the Spanish land forces, is entrenched at Castella, and a battle is expected there very soon.
Admiral Sampson has moved his ships to a position where he can to the greatest advantage co-operate with the land forces in the great final attack upon Santiago's defenses.
Admiral Sampson continues the bombardment today and will not cease until every fort along the coast between Daiquiri and Santiago is destroyed or has surrendered.
The American troops have captured everything within one mile of Castella.
The Spaniards burned all their blockhouses as they retreated.
Another dispatch to the News says General Shafter has cleared the way to the heights surrounding Santiago, and that a general assault will probably be made today.
Five thousand Cubans have landed at Alturas, a village a few miles east of Santiago on the coast, and will co-operate with General Shafter's forces.

PLAYA DEL ESTE, June 25.—Reports have reached here that Gen. Castillo with two thousand Cuban soldiers have defeated the Spaniards yesterday at Guasima with heavy losses. find themselves. Representative Berry, Livingston and others say that silver will be crowded to the wall if the party takes up the fight against territorial acquisition as a party question; that the latter will be the newest issue and the one most prominent.
Representative Livingston comes out boldly in an interview and says that Cleveland is the logical leader if free silver is to be sidetracked for a non-colonial policy.
Ex-President Cleveland sees the tendency of the administration, and his object is a note of the warning, that is all.

TROUBLE EXPECTED

When the Franklin Case at Benion Comes Up.

Several Marshall county men in the city today report that there is a great deal of feeling there over the Franklin matter. Franklin was convicted of the murder of Daisy Sullivan nearly a year ago, but has never been sent to the penitentiary, and has never been sentenced by Judge Hubbard, although the papers have said he was.
The other day it was given out that the papers in the case, which were left in the office of the lawyers for the defense, had been accidentally burned, and this has aroused some of the people. Many do not believe that the papers have been burned, and some claim that it is only a ruse to get the defendant out of jail. There may be no truth in these reports, but that there is considerable feeling over it is not to be doubted.
If something is not done in the case in a few days, some openly threaten trouble.
